# Budget to boost healthcare infra: Dr Malini Sabha

— February 1, 2021

*Dr Malini Saba*

## DTMT NETWORK

*Dr. Malini Saba, Founder and Chairman, Saba Group and Anannke Foundation, says: 'Great announcements in these unprecedented times to provide relief to the pandemic-hit common man as well as to focus more on driving the economic recovery.'*

Dr Saba, said "Rs 35,000 crore for Covid-19 vaccination is a comforting step forward to save lives amidst the century's biggest pandemic. This Healthcare budget has got a healing touch, Rs 64,180 for the Pradhan Mantri Atma Nirbhar Swasthya Bharat Yojana, which is going to be operated in addition to the existing National Health Mission, will strengthen the country's healthcare infrastructure over the next six years."

"The scheme will definitely develop capacities of primary, secondary and tertiary healthcare systems as well as existing national institutions and ensure patient education and wellness" said Dr Saba.

"The Finance Minister's plan towards creating new institutions for the detection and cure of new and emerging diseases will push us towards a future that will be rooted in faster adaptation and enhanced resilience and strengthening preventive care, curative and well-being of the population," explained Dr Saba.
